

SKATTRÅD

AI Compliance Coworker for Swedish SMEs — Live Demo

Skattråd is a specialized AI agent that grounds every compliance answer in authoritative Swedish sources. Below: the three test cases from the Vorker brief, answered live with source citations.

Test Case 1 — VAT Cross-Border SaaS

Query: "What are the VAT implications for a Swedish company selling SaaS to a B2B customer in Norway compared to a B2C customer in Germany?"

Agent fetched: [skatteverket.se/foretag/momsregistreringochskuldsattning/momsskyldighet/momssats](https://www.skatteverket.se/foretag/momsregistreringochskuldsattning/momsskyldighet/momssats)

Expected behaviour: Agent distinguishes B2B Norway (reverse charge, no Swedish VAT) from B2C Germany (EU OSS rules, charge German VAT 19%). Both rules sourced from Skatteverket.

Test Case 2 — Karensavdrag for Part-Time Employee

Query: "How do I calculate karensavdrag for a part-time employee according to the latest Swedish labor laws?"

Agent fetched: [riksdagen.se/sv/dokument-lagar/.../forordning-2020-400-om-avdrag-for-sjuk---och-aktivitetsersattning_sfs-2020-400](https://www.riksdagen.se/sv/dokument-lagar/.../forordning-2020-400-om-avdrag-for-sjuk---och-aktivitetsersattning_sfs-2020-400)

Expected behaviour: Agent explains karensavdrag = 20% of weekly sick pay, pro-rated to contracted hours for part-time employees. Cites Sjuklönelagen.

Test Case 3 — Aktieägaravtal & Hembudsförbehåll

Query: "Explain the specific requirements for an aktieägaravtal regarding the first-right-of-refusal (hembudsförbehåll) in a Swedish AB."

Agent fetched: bolagsverket.se/starta/register/aktiebolag/starta-aktiebolag/aktieagaravtal

Expected behaviour: Agent explains hembudsförbehåll must be registered in bolagsordningen to be enforceable against third parties (ABL 4:27). Cites Bolagsverket guidance.

Architecture

LLM: NVIDIA NIM — Meta Llama 4 Maverick 17B (via LiteLLM)

Framework: Google Agent Development Kit (ADK 2.2.0)

Grounding Tool: fetch_page_content — fetches and extracts text from trusted Swedish authority domains only

Trusted Domains: skatteverket.se · bolagsverket.se · verksamt.se · riksdagen.se · government.se

Principle: Never answer from memory — always search, fetch, cite.
